Manjula Easwaran

CFO
Zenzo

Warm Greetings to All,

As we approach the end of the first quarter of 2026, it fills me with great pride to reflect on the progress and purposeful growth we continue to build at Zenplus Private Limited. From expanding healthcare services to engaging communities through awareness initiatives, our teams have worked tirelessly to bring positive change and deliver value across every area we serve.

One such milestone this month was Zenplus being recognized by the ESIC Department in Bihar. This honour celebrates the hard work and dedication of our teams in maintaining high standards and delivering excellence across all our initiatives. Achievements like this motivate us to keep pushing forward and creating stronger, more effective opportunities for innovation and growth.

Similarly, at Zenzo, we strengthened our healthcare footprint with the launch of new Mobile Medical Units (MMUs) and On-Site Health Centers (OHCs) across several regions. These initiatives expanded our ability to provide timely and accessible medical care directly at workplaces, offering proactive support and ensuring continuity of care where it is needed most.

Prevention and awareness also remained a key focus this month. Our teams conducted cancer awareness programs and first aid training sessions, equipping individuals with the knowledge and skills to respond effectively in critical situations. Through such sessions, we empowered people to take timely action, promote safer practices, and contribute to healthier workplaces and communities.

From delivering life-saving services to making healthcare more accessible, our goal has always been to empower individuals and workplaces with the knowledge and skills needed to stay emergency-ready 24/7. It is this commitment to care that inspires our brands, Zenzo, Zenplus Fleet, and Zenplus Private Limited, to innovate, collaborate, and continually raise the bar in everything we do.

Together, as we move forward on our journey, we aim to build a future where quality healthcare is not reactive, but preventive, structured, and dependable.

SAVING LIVES THROUGH ACTION

ALS Crew Ensures Safe Transfer of a Critical Patient

Ms. Khanna, 60, was referred from Medical College, Orai, to MLB Medical College, Jhansi, in an unconscious and critical condition. The ALS crew provided oxygen support and continuous vital monitoring during transit. She was transported safely and was successfully revived after reaching the hospital.

Timely ALS Response Saves the Life of an Unconscious Patient

Mr. Dhyan Singh, 52, a paralysed and unconscious patient experiencing severe discomfort, was referred from District Hospital, Lalitpur, to MLB Medical College, Jhansi. Our ALS team provided careful monitoring and support throughout the transfer, ensuring he was safely transported and revived upon arrival.

108 Ambulance Assists Safe Emergency Delivery in Bathinda

While transporting a patient from Sema Village to Government Hospital, Bhucho Mandi, Bathinda, the 108 ambulance team successfully managed an emergency delivery in transit. Both the mother and baby are in good health. The family expressed sincere gratitude to the crew for their timely support.

108 Crew Conducts First Responder Program at Rupnagar

A First Responder Program was conducted at the Multi-Purpose Health Worker (F) Training School, Rupnagar. FRP Trainer Jaswinder Singh and CL Bahwanjot Singh guided over 40 students and staff through emergency response techniques. The attendees actively participated and appreciated this initiative by Zenplus.

HONOURS AND HIGHLIGHTS

Heartfelt Appreciation for a Life-Saving Journey

Our ambulance team recently ensured the safe transfer of a two-year-old baby, Apoorva Gupta, who was on oxygen support, from Hallet Hospital, Kanpur Nagar, to PGI Child Health Sector 30, Noida, a journey of nearly 484 kilometers.

EMT Somesh Kumar and Pilot Tilkesh Uttam demonstrated exceptional professionalism, compassion, and dedication throughout the transfer, making sure the young patient reached the hospital safely and smoothly. Her father, Mr. Avinash Gupta, expressed heartfelt gratitude for the timely service, praising not only the ambulance staff but also the call center team for their coordination and persistent follow-up.

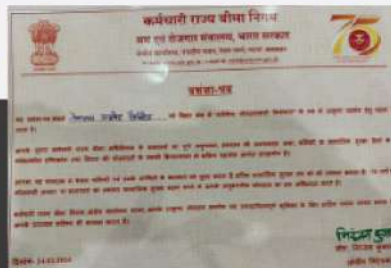

This successful transfer was made possible by seamless teamwork involving ERO Sumit Pal, CDC Manager Banshi Soni, Field Operation Manager Anurag Kapoor, Cluster Leader Pawan Kumar Dwivedi, and ERCP Dr. Jitendra, reflecting Zenplus' commitment to life-saving care when seconds count.

Zenplus Recognized for Outstanding Contribution by ESIC Bihar

Zenplus Private Limited was recognized by the Employees' State Insurance (ESIC) Department, Bihar, for its exemplary performance as the "Best Contributing Employer" in the region. The recognition highlights Zenplus' full compliance with the Employees' State Insurance Act, timely deposit of contributions, and its thoughtful approach toward the social security needs of workers.

This recognition also celebrates Zenplus' active role in supporting ESIC schemes and strengthening the welfare of workers and their families. The ESIC Regional Office, Patna, expressed heartfelt appreciation for Zenplus' dedication, professionalism, and responsible practices, congratulating the company for its continued commitment to building a stronger social security system.

GROWING REACH. EXTENDING IMPACT.

Zenzo Launches Mobile Medical Unit for JSW Foundation - Jharkhand

Zenzo successfully launched a new Mobile Medical Unit (MMU) in collaboration with JSW Foundation, Jharkhand, aimed at providing timely and accessible healthcare services to all. This initiative strengthens Zenzo's commitment to delivering quality medical care directly to workplaces and underserved areas, ensuring proactive support and continuity of care.

The MMU is equipped to provide preventive health screenings, routine consultations, and emergency care, making healthcare more reachable and responsive to the needs of employees and surrounding communities. Through this initiative, Zenzo not only delivers essential medical services but also promotes awareness about preventive healthcare and wellness.

By bringing healthcare closer to the community, the MMU reflects Zenzo's mission to create healthier workplaces and stronger, more resilient communities. This launch marks another milestone in expanding Zenzo's healthcare footprint and providing impactful, life-saving services where they are needed most.

Zenzo Launches OHC Unit with Advanced Ambulance at Wabtec Corporation - Patna

Zenzo strengthened industrial emergency infrastructure at Wabtec Corporation, Patna, by launching a fully equipped On-Site Health Center (OHC) supported by an Advanced Life Support (ALS) ambulance. This dedicated unit brings ICU-grade response capability directly to the workplace, ensuring that employees receive timely, life-saving care whenever needed.

The OHC is fully operational 24x7, ready to respond to emergencies and provide comprehensive healthcare support on-site. With this initiative, Zenzo reinforces its commitment to workplace safety and emergency preparedness, combining advanced medical infrastructure with rapid response capabilities to safeguard every second.

EMPOWERING WORKPLACES THROUGH KNOWLEDGE

Zenzo Brings Cancer Awareness to K Raheja Sites - Pune

On World Cancer Day, Zenzo took its commitment to employee health and safety a step further by conducting dedicated cancer awareness sessions across three K Raheja sites in Pune. These interactive sessions aimed to educate employees about early detection, preventive measures, and informed health choices, empowering them to take proactive steps toward their well-being.

By bringing awareness directly to the workplace, Zenzo reinforced the importance of timely action and regular health check-ups. Through these initiatives, employees gained valuable insights into lifestyle changes, preventive practices, and available healthcare resources, helping build healthier, more informed communities at work.

Zenzo Conducts First Aid and CPR Training at Afton Chemical - Mumbai

Zenzo conducted an engaging First Aid and CPR training session for employees at Afton Chemical Private Limited, Mumbai, reinforcing the importance of emergency preparedness in the workplace. The session focused on equipping participants with practical skills to respond effectively to medical emergencies, including CPR techniques and essential first response actions.

Through hands-on demonstrations and interactive learning modules, employees actively practiced life-saving techniques under expert guidance, building both competence and confidence. The session also emphasized the importance of remaining calm, assessing situations quickly, and activating emergency support systems without delay.

By strengthening on-site emergency readiness and promoting a culture of safety, the training contributed to creating a more responsive and well-prepared work environment.
